

## **JOB READINESS BOOTCAMP AND QUIZ**

by

**Department of Higher Education, Government of  
Uttarakhand**

and

**EDUNET FONDATION**

### **Introduction:**

India is seen as one of the youngest countries in a relatively ageing world. According to estimates, India has 62.5% of its population in the working age bracket which augurs well for its economic outlook. Today's fast changing economy is predominantly steered by technology, digitisation, artificial intelligence, machine learning, and platform-led business models. In addition to the technical skills, the core employability skills have the potential to impact the skilling space and build the capacity of youth for various kinds of jobs, at speed and scale. Core employability skills are easily adaptable in the three key sectors of our economy—agriculture and allied, industry, and service.

The Department of Higher Education, Govt of Uttarakhand has partnered with Edunet Foundation to present an opportunity to the students across the state of Uttarakhand to participate in training program that aims to enhance the Job Readiness Skills and Technical Skills of the learners.

### **About the Program:**

This skilling program will be offered in the form of a 'Job Readiness' Bootcamp: It is an opportunity for job-seeking youths to refine their professionalism and polish their communication skills. The training and courses will be delivered through instructor-led training sessions and self-paced learning on the online SkillsBuild platform.

The participating students will be provided guidance and learning material for the topics and sub-topics mentioned below. Upon completion of the courses and attendance to the mentor-led sessions students will be invited to participate in a Quiz to test their learning outcomes and to earn an achievement certificate by Uttarakhand Higher Education Department and will share co-branding with Edunet Foundation and IBM SkillsBuild.

Students will also gain access to IBM SkillsBuild during the Bootcamp which will provide them lifetime access to over 80,000 technical and non-technical courses, free of cost on the e-learning platform. This will enable them to continue their learning and upskilling journey beyond the duration of the Bootcamp.

### About the Bootcamp:

The bootcamp will be conducted on the following topics:

TOPIC	SUB-TOPICS
<b>Professionalism- Etiquettes</b>	Communication Skills - Formal & In-formal
	E-mail writing
	Presentation skills
	How to face challenges
	Resolving with critical thinking
<b>Resume Building &amp; LinkedIn Profiling</b>	Resume Writing, format and layouts
	LinkedIn profiling and Creating a Profile
<b>Digital Literacy</b>	Digital Footprint
	Effective use of social media

### Duration of The Bootcamp :

The bootcamp will be conducted over a period of 10 Days in which students will participate in the following activities: -

- 1 Hour of SkillsBuild Orientation (Mandatory)
- 5 Hours of Virtual Mentoring (Live attendance optional – Recordings will be shared)
- 10 Hours of Courses to Complete on the SkillsBuild Platform (Mandatory)
- 45 Minute Quiz for Certification (Mandatory)

### Program Implementation Strategy
